BEST PRACTICES OF THE INSTITUTION: 2019-20

I. Publication of *Honalu* Magazine: An annual souvenir

1. Title of the Practice:

***Honalu* Magazine: An Annual Souvenir**

2. Objective of the practice

To encourage budding lawyers in developing research skill and to give their thoughts, opinions and ideas on various issues of socio legal and literary significance, the College brings out the magazine "*Honalu*" every year. Articles, Case Comment, poems, stories etc are published in English and Kannada. The object of releasing *Honalu* magazine is to encourage the staff and students in achieving all round development in the field of law. The process of writing a research paper will provide valuable insights about one's ability and comfort in going through various steps and identifying strong points and areas that need improvement. This practice helps the students in deeper understanding and perspective about the topic of publication, critical thinking, research and writing skills which are very useful for a career as lawyers or in legal education and research.

3. The context:

Reading large amounts of information, absorbing facts and figures, analysing material is a feature of any law career. Being able to identify what is relevant out of the mass of information and explain it clearly and concisely to the client is the key to success in legal profession. Research also plays a huge role in a lawyer's day-to-day job. He needs research skills while drafting legal documents and advising clients on complicated issues. In this context the institution asks the staff and students to submit the write ups for the publication in *Honalu* magazine. It gives an opportunity to the students learn the research skills.

There is a team of editors guided by principal who select contributions for publication. It also contains college activities, curricular, co-curricular and extra-curricular activities conducted by the institution and achievements of the staff and students.

4. The Practice:

The challenge to higher education is that of providing advanced intellectual and practical resources which are adequate to a changing and unpredictable world. The publication of magazine helps our staff and students to make a research on emerging areas which will help the stake holders to acquire the updated knowledge.

In the competitive world many of us not get an opportunity to publish the research work in the law journal. To fill that gap, we have the unique practice to publish our own magazine that will encourage the staff and students to make research and write article, that will be published after taking due care.

5. The Evidence of success:

In the academic year 2019-20 we received research papers from the Staff members and students in both English and Kannada. The articles are reviewed by the Editorial Committee and then it publishes in the *Honalu* Magazine. The magazine has been appreciated by the reader that shows the success of publication of magazine.

Dr. Prabhakar B. Kore, Chairman of KLE Society, Belagavi Prof. and (Dr.) Suresh V. Nadagoudar, Vice Chancellor (Acting) and Registrar, KSRDPR University, Gadag, have sent appreciation message about the *Honalu*.

6. The problems encountered:

The institution faced the following problem

- Students submit the articles in hand written to the Editing Committee. The Committee has to bear the expenses of DTP.
- Problem that has been faced by the institution is financial constrains in publishing the magazine.
- Most of the articles by students are in kannada language and they lack in communication.

II. Participation in sports activities

1. Title of the Practice:

Participation in sports activities

2. Objective of the practice

The objectives in participating in sports activities primarily concerned with the welfare and educational development of the students. The objective is to provide students with the opportunity to:

- Develop physical talents to their maximum potential.
- Engage in competitive activities, while promoting sound health, safety, and physical fitness.
- Exemplify good conduct.
- Learn to appropriately experience both success and failure in an educational environment.
- Experience working as a team member, exercising self-discipline and self-sacrifice in order to achieve team goals.
- Learn how to be a good teammate and making positive contributions
- Experience a feeling of self-worth and to develop self-confidence.
- Experience in problem-solving and decision-making.
- Engage in organized activities with other students whose backgrounds may be dissimilar from their own.
- Learn to develop trust and accept the responsibility
- Create a positive rally point in order to help them to develop spirit and loyalty.

3. The context:

Participation in sport and physical activity not only keeps our students fit and healthy, but helps to build their self-esteem and confidence, develop their social skills and motivate them to do well in college. Students who are involved in sports are more likely to be well-rounded, have a positive attitude in life and be less likely to develop mental health problems. In this context the college motivates the students to participate in sports activities organised in inter-university, inter-college and collegiate level. The college also provides diet money to the student participants who achieve the University Blue Rank.
